17. Display professional valet standards
18. Ensure proper handling of guest's property.
19. Identify types of fabric and laundry equipment
20. Observe safety practices in handling laundry equipment and chemicals
21. Follow correct procedure in laundering process for guest's laundry items
22. Package and store laundry items

ENTRY REQUIREMENTS:

Candidate/trainee must be any of the following:

- Can communicate both oral and written
- Good moral character
- Physically and mentally fit

COURSE STRUCTURE

UNIT OF COMPETENCY	MODULE TITLE	MODULE CONTENT	NOMINAL DURATION
A. BASIC 1. Participate in workplace communication	1.1 Participating in workplace communication	1.1.1 Parts of speech 1.1.2 Sentence construction 1.1.3 Effective communication 1.1.4 Conduct interviews 1.1.5 Sentence construction 1.1.6 Technical writing 1.1.7 Recording information 1.1.8 Basic mathematics 1.1.9 Technical writing 1.1.10 Types of forms	
2. Work in a team environment	2.1 Working with others	2.1.1 Team role 2.1.2 Relationship and responsibilities 2.1.3 Role and responsibilities within a team 2.1.4 Team members role and responsibilities 2.1.5 Communication process 2.1.6 Team structure 2.1.7 Group planning and decision making	
3. Practice career professionalism	3.1 Practicing career professionalism	3.1.1 Code of conduct and code of ethics 3.1.2 Personal hygiene 3.1.3 Interpersonal and intrapersonal skills 3.1.4 Communication skills 3.1.5 Fundamental rights at work 3.1.6 Company procedures and standards 3.1.7 Work values and ethics 3.1.8 Company policies 3.1.9 Company operating procedures and standards 3.1.10 Gender and	

		Development 3.1.11 Personal Hygiene 3.1.12 Certifications and licenses appreciation 3.1.13 Participate in training programs 3.1.14 Awards/ rewards	
4. Practice occupational health and safety procedures	4.1 Practicing occupational health and safety procedures	4.1.1 Hazards and risks identification and control 4.1.2 Organizational safety and health protocol 4.1.3 Threshold limit value (TLV) 4.1.4 OHS indicators 4.1.5 TLV table 4.1.6 Phil OHS Standards 4.1.7 Effects of hazards in the workplace 4.1.8 Ergonomics 4.1.9 EGG Regulations 4.10 Safety Regulations • Clean Air Act • Electrical and Fire Safety Code • Waste management • Disaster Preparedness and Management 4.1.11 Contingency Measures and Procedures 4.1.12 Operational health and safety procedure, practices and regulations 4.1.13 Emergency-related drills and training	

B. COMMON 1. Develop and update industry knowledge	1.1 Developing and updating industry knowledge	1.1.1 Information sources ▪ media ▪ reference book ▪ libraries ▪ union ▪ industry association	

		▪ internet ▪ personal observation 1.1.2 Trade unions environmental issues and requirements 1.1.3 Industrial relations issues and major organization 1.1.4 Career opportunities 1.1.5 Work ethic required to work in the industry 1.1.6 Quality assurance	
2. Observe workplace hygiene procedures	2.1 Observing workplace hygiene procedures	2.1.1 Hygiene procedures ▪ Proper hand washing ▪ Regular bathing ▪ Appropriate and clean clothing ▪ Cleaning and sanitizing procedures ▪ Personal hygiene ▪ Pest control ▪ Principles of HACCP 2.1.2 Types of hygiene risks ▪ Bacteria and contamination ▪ Inappropriate food handling ▪ Poor work practices ▪ Cross contamination ▪ Disposal of garbage or potentially contaminated waste 2.1.3 Different cleaning materials ▪ Cleaning procedures ▪ Cleaning guidelines	

3. Perform computer operations	3.1 Performing Computer Operations	3.1.1 Types of computers and basic features of different operating systems 3.1.2 Plain parts of a computer 3.1.3 Storage devices and basic categories of memory 3.1.4 Types of software 3.1.5 Computer capacity 3.1.6 OHS Guidelines 3.1.7 Computer Capacity 3.1.8 Standard operating procedures in entering and saving data into the computer 3.1.9 Storage media 3.1.10 Ergonomic guidelines 3.1.11 Procedures/Techniques in Accessing Information 3.1.12 Desktop Icons 3.1.13 Keyboard Techniques 3.1.12 Based on OHS Requirements 3.1.14 Software Commands 3.1.15 Operation and Use of Peripheral Devices 3.1.16 Procedures in Transferring Files/Data 3.1.17 Cleaning, Minor Maintenance and Replacements of Consumables 3.1.18 Creating More Space in the Hard Disk 3.1.19 Reviewing Programs 3.1.20 Deleting Unwanted Files 3.1.21 Checking Hard Disk for Errors 3.1.22 Viruses and Up to Date Anti-Virus Programs	

4. Perform workplace safety practices	4.1 Performing workplace safety practices	4.1.1 Health, safety and security procedures 4.1.2 Breaches procedures 4.1.3 Emergency procedure ▪ Personal injuries ▪ Fire ▪ Electrocution ▪ Natural calamity ▪ Criminal acts 4.1.3 Safe personal presentation standard 4.1.4 5's Principles 4.1.5 Waste management 4.1.6 Pollution control 4.1.6 Effect of pollution 4.1.7 Types of pollutants	
5. Provide effective customer services	5.1 Providing effective customer services	5.1.1 Good working attitude 5.1.2 Knowledge of services manual and standards 5.1.3 Interactive communication with others 5.1.4 Interpersonal skills and sincerity 5.1.5 Non verbal communication and body language 5.1.6 Work value and ethics 5.1.7 Telephone conversation 5.1.8 Fax machine information 5.1.9 Product merchandizing 5.1.10 E-Learning 5.1.11 Dealing with objectives and disagreement 5.1.12 Holding guest's complaints in effective ways 5.1.13 Evaluation and recommendation process 5.1.14 Guest relation communication 5.1.15 Responding to customer needs	40 Hours

UNIT OF COMPETENCY	MODULE TITLE	MODULE CONTENT	NOMINAL DURATION
CORE			
1. Provide housekeeping services to guest	1.1 Providing housekeeping services to guest	1.1.1 Hotel codes and regulations 1.1.2 Interpersonal skills: Communication and listening Skills 1.1.3 Upselling and selling techniques 1.1.4 Basic operational skills on facilities and equipment 1.1.5 Personal hygiene 1.1.6 Hotel organization structure: departments and its functions “Rank and File” 1.1.7 Preparing requisitions for maintenance services	
		1.1.8 Housekeeping and Front Office forms 1.1.9 Codes and regulations 1.1.10 Handle queries through telephone, fax machine, internet and e-mail 1.1.11 Interpersonal skills: Communication and listening skills 1.1.12 Upselling and selling techniques	
2. Prepare rooms for guests	2.1 Preparing rooms for guests	2.1.1 Types and uses of cleaning equipment 2.1.2 Types cleaning materials and supplies and their uses 2.1.3 Classification of cleaning tools, equipment and materials according to their uses and care 2.1.4 Setting-up of trolley/ caddy with cleaning materials according to needs and establishment standards. 2.1.5 Safety measures in handling different cleaning equipment and	

		chemicals 2.1.6 Safe keeping practices 2.1.7 Safety hazards and precautions 2.1.8 Codes and regulation 2.1.9 Basic phraseologies in housekeeping 2.1.10 Housekeeping reports, checklists and forms 2.1.11 Types and sizes of linens, pillows and bed sheets 2.1.12 Procedures in making up beds and cots 2.1.13 Color harmony 2.1.14 Materials, tools, chemical agents and equipment needed in cleaning guest room 2.1.15 Procedures on cleaning guest room occupied/vacant ceilings and floorings lanai area furniture and fixtures bed 2.1.16 Procedures in cleaning furniture and fixtures 2.1.17 Procedures in cleaning bathroom and toilet 2.1.18 Identifying pests and applying proper control 2.1.19 Procedures in mixing sanitizing agents 2.1.20 Sanitizing rooms and bathrooms 2.1.21 Replenishing room and bathroom supplies and amenities 2.1.22 Safety measures in cleaning 2.1.23 Home management practices 2.1.24 Cleaning motion in guest room 2.1.25 Types of cleaning materials and equipment 2.1.26 Cleaning and keeping cleaning materials and equipment according to manufacturer's	

		operating procedures and establishment standards. 2.1.27 Safe keeping practices in accordance with establishment standards	
3. Clean premises	3.1 Clean premises	3.1.1 Common equipment and cleaning chemicals and agents and their usage in accordance with manufacturer's instruction 3.1.2 Identification and treatment of common hazards in the work area 3.1.3 Occupational health and safety requirements 3.1.4 Common protective clothing and materials and their appropriate use 3.1.5 Checking safety and working conditions of cleaning equipment in accordance with manufacturer's instruction and establishment operating standards 3.1.6 Policies and procedures related to cleaning operations and disposal of used chemicals in accordance with establishment operating standards 3.1.7 Security procedures of establishment 3.1.8 Laws on general workplace safety, hazardous substances and manual handling and storage requirements 3.1.9 Checking safety and working condition of cleaning equipment in accordance with manufacturer's instructions and	

		establishment procedures 3.1.10 Identifying possible inconveniences and hazards at work area 3.1.11 Cleaning task is scheduled and performed in accordance with customer convenience and establishment policies 3.1.12 Procedure in cleaning operations for specific areas: ▪ bathrooms ▪ balconies, private lounge areas, public areas ▪ kitchen ▪ function rooms ▪ storage areas 3.1.13 Proper disposal of used chemicals in accordance with manufacturer's instructions and safety and environmental legislation requirements 3.1.14 Procedure in garbage disposal in accordance with establishment standards 3.1.15 Procedures in cleaning public bathrooms 3.1.16 Procedures in Cleaning public areas (internal and external), private lounge areas and balconies 3.1.17 Procedure in cleaning function rooms 3.1.18 Procedure in cleaning kitchen 3.1.19 Cleaning storage areas 3.1.20 Procedure in wiping down and cleaning of cleaning equipment, tools and materials 3.1.21 Procedure in washing and rinsing equipment and tools 3.1.22 Procedure in drying out and sanitizing cleaning	

		equipment, tools and materials 3.1.23 Procedure in dismantling and re-assembling cleaning equipment in accordance with manufacturer's instruction 3.1 24 Routine maintenance and preventive maintenance programs in accordance with safety and security procedures and establishment operations	
4. Provide valet service	4.1 Provide valet service	4.1.1 Basic roles of valet service within Philippine hospitality industry 4.1.2 Building guest rapport through oral and written communication 4.1.3 Procedures in performing valet services: 4.1.4 Picking- up laundry 4.1.5 Checking laundry for possible damages 4.1.6 Sorting, endorsing and delivery of laundry 4.1.7 Procedures in keeping laundry area clean in accordance with establishment standards. 4.1.8 Organizational chart of the housekeeping department 4.1.9 Prepare reports and endorsements of valet service provider 4.1.10 Procedure of sorting and marking of laundry items. 4.1.11 Checking laundry condition 4.1.12 Delivery of laundry and luggage to guest room 4.1.13 Basic contact lists and details, and basic customer preference profiles. 4.1.14 Communication phrases of valet service provider with guest in accordance	

		with establishment standards 4.1.15 Personality development: Grooming and personal hygiene 4.1.16 Procedure in unpacking, storing and packing of guest luggage in accordance with guest instructions. 4.1.17 Procedure in pressing and presenting guest's clothes ready for use. 4.1.17 Identify cleaning materials and supplies appropriate for shoes based on material of shoes. 4.1.18 Cleaning and preparing guest's shoes in accordance with establishment standards 4.1.19 Basic darning and mending for clothing and linen and repair of other accessories. 4.1.20 Protocols for ensuring optimum privacy and confidentiality for all guests.	
5. Launder linen and guest clothes	5.1 Laundering linen and guest clothes	5.1.1 Types of fibers and fabrics 5.1.2 Laundry terms and standard laundering methods 5.1.3 Types and usage of washing equipment: washing machine and dryers 5.1.4 Types and usage of laundry chemicals and cleaning agents 5.1.5 Classifications and usage of stain removing agents 5.1.6 Types of fabric softener 5.1.7 Reading textile label codes 5.1.8 Procedures in sorting laundry items	

		5.1.9 Principles and procedures in laundering clothes and linens 5.1.10 Principles and procedures in treating stains based on nature of stain and type of fabric and fiber 5.1.11 Handling bleaching solutions and other laundry chemicals 5.1.12 Hygiene, health and safety issues of specific relevance to laundry operations 5.1.13 Principles in drying clothes and linens 5.1.14 Principles and procedures in ironing and pressing clothes and linens 5.1.15 Types of ironing equipment, tools and materials and their proper usage 5.1.16 Types of hangers and their uses 5.1.17 Folding methods and techniques 5.1.18 Procedures in packaging and presenting guest laundry 5.1.19 Procedures in storing guest laundry in accordance with establishment standards or guest request 5.1.20 Delivery of laundry items 5.1.21 Basic housekeeping phraseologies	360 hrs

COMPETENCY ANALYSIS
This table describe the number of modules develop in a particular unit of competency.

Unit of Competency	No. of modules	Total
A. Basic		
1. Participate in workplace communication	1	4
2. Work in a team environment	1	
3. Practice career professionalism	1	
4. Practice occupational health and safety procedures	1	
B. Common		
1. Develop and update industry knowledge	1	5
2. Observe workplace hygiene procedures	1	
3. Perform computer operations	1	
4. Perform workplace and safety practices	1	
5. Provide effective customer service	1	
C. Core		
1. Provide housekeeping services to guest	1	5
2. Prepare rooms for guest	1	
3. Clean premises	1	
4. Provide valet service	1	
5. Launder linen and guest clothes	1	

ASSESSMENT METHOD

- Individual and group demonstration (Practical application)
- Written examination
- Individual report

COURSE DELIVERY (METHODOLOGY)

- Group Discussion
- Demonstration
- Film Viewing
- Modular instruction
- Practical application
- Reporting
- Industry immersion
- E-learning

RESOURCES

Facilities

- Workshop
- Laboratory
- Audio-visual room
- Lecture room
- Storage/stock room

Equipment

- Projector screen
- Overhead projector
- Electric fan
- First aid cabinet

- Fire extinguisher
- Emergency light
- directional signage
- air condition
- telephones
- computers
- TV
- Video player
- Fax machine
- Refrigerators
- Hairdryer
- Alarm clock
- Shelving
- Cart
- Trolley
- Coffee maker
- Electric kettles electric jugs
- Toilet caddy
- Carpet sweeper
- Vacuum cleaner (dry and wet)
- Polisher (electric with complete accessories)
- Washer
- dryer

Tools

- Mops
- Brushers
- Brooms
- Buckets
- Dust pans
- Garbage receptacles
- Sorting baskets/laundry basket
- Step ladder
- Squeegee
- Water hoses
- Lint free cleaning cloths
- Scrubbing foam
- Spray bottle
- Anti-static duster
- Gloves
- Caution signs
- Mop squeezer

Supplies

- Papers
- Slides
- Acetates
- Requisition form
- Cleaning and sanitizing agents
- Herbs
- Seasoning and spices
- Meat

- Vegetables
- Poultry
- Fruits
- Breads and Packaging and labeling supplies
- Cooked and un cooked foods
- Evaluation forms

Room Supplies

- Stationery
- Linen (for single bed and double bed
- Glassware
- Cutlery
- Tea
- Coffee
- Sugar milk
- Biscuits
- Beds (single)
- Bed (queen)
- Holy bible
- Slippers
- Flashlight
- Light fittings
- Mirrors
- Wardrobes
- Hangers
- Ashtrays
- Variety of linen and clothing items and fabrics
- Cleaning agents
- Cleaning detergent

Accessories

- Complete laboratory outfit
- Working devices
- Padlocks
- Keys

Reference

- Brochures
- Manuals
- Charts
- Recipe Book
- CD's
- Video Tapes
- Pictures

QUALIFICATION OF INSTRUCTORS/TRAINERS

- Must be a holder of NC II
- Must have undergone training on Training Methodology II (TM II)
- Must be physically and mentally fit
- Must have at least 2 years job/industry experience (optional. Only when required by the hiring institution)

SECTOR	:	**TOURISM**
BASIC COMPETENCY	:	**COMMUNICATIONS**
UNIT OF COMPETENCY	:	**PARTICIPATE IN WORKPLACE COMMUNICATION**
MODULE TITLE	:	**PARTICIPATING IN WORKPLACE COMMUNICATIONS**
MODULE DESCRIPTOR	:	This module covers the knowledge, skills and attitudes required to obtain, interpret and convey information in response to workplace requirements.
SUGGESTED DURATION	:	16 hrs
QUALIFICATION LEVEL	:	NC II
PREREQUISITE	:	Receive and Respond to workplace Communication. (NCI)

SUMMARY OF LEARNING OUTCOMES:

Upon completion of this module the students/ trainees will be able to:

LO 1. Obtain and convey workplace information

LO 2. Complete relevant work related documents.

LO 3. Participate in workplace meeting and discussion.

LO 1 OBTAIN AND CONVEY WORKPLACE INFORMATION

ASSESSMENT CRITERIA:

1. Specific relevant information is accessed from appropriate sources.
2. Effective questioning and active listening and speaking are used to gather and convey information.
3. Appropriate medium is used to transfer information and ideas.
4. Appropriate non-verbal communication is used.
5. Appropriate lines of communication with superiors and colleagues are identified and followed.
6. Defined work procedures for the location and storage of information are used.
7. Personnel interaction is carried out clearly and concisely.

CONTENTS:

1. Parts of speech
2. Sentence construction
3. Effective communication
4. Conduct interviews

CONDITIONS:

The students/ trainees must be provided with the following:

1. Writing materials (pen & paper)
2. References (books)
3. Manuals

METHODOLOGIES:

1. Group discussion
2. Interaction
3. Lecture

Reportorial

ASSESSMENT METHOD:

1. Written test
2. Practical performance test
3. Interview

LO2. PARTICIPATE IN WORKPLACE MEETING AND DISCUSSION.

ASSESSMENT CRITERIA:

1. Team meetings are attended on time.
2. Own opinions are clearly expressed and those of others are listened to without interruption.
3. Meeting inputs are consistent with the meeting purpose and establish protocols.
4. Workplace interaction are conducted in a courteous manner appropriate to cultural background and authority in the enterprise procedures.
5. Questions about simple routine workplace procedures and matters concerning conditions of employment are asked and responded.
6. Meeting outcomes are interpreted and implemented.

CONTENTS:

1. Sentence construction
2. Technical writing
3. Recording information

CONDITIONS:

The students/trainees must be provided with the following:

1. Paper
2. Pencils/ball pen
3. References (books)
4. Manuals

METHODOLOGIES:

1. Group discussions
2. Interaction
3. Lecture

ASSESSMENT METHOD:

1. Written test
2. Practical / performance test
3. Interview

L03. COMPLETE RELEVANT WORK RELATED DOCUMENTS.

ASSESSMENT CRITERIA:

1. Ranges of forms relating to conditions of employment are completed accurately and legibly.
2. Workplace data is recorded on standard workplace forms and documents.

Basic mathematical process are used for routine calculations.

Errors in recording information on forms! documents are identified and rectified.

5. Reporting requirements to superior are completed according to enterprise guidelines.

CONTENTS:

1. Basic mathematics
2. Technical writing
3. Types of forms

CONDITIONS:

The students/trainees must be provided with the following:

1. Paper
2. Pencils / ball pen
3. Reference books
4. Manuals

METHODOLOGIES:

1. Group discussion
2. Interaction
3. Lecture

ASSESSMENT METHOD:

1. Written test
2. Practical! Performance test

Interview

BASIC COMPETENCY : **TEAM WORK**

UNIT OF COMPETENCY : **WORK IN A TEAM ENVIRONMENT**

MODULE TITLE : **WORKING IN A TEAM ENVIRONMENT**

MODULE DESCRIPTOR : This module covers the knowledge, skills, and attitudes required to relate in a work based environment.

SUGGESTED DURATION :

QUALIFICATION LEVEL : NCII

PREREQUISITE : TEAMWORK (NC I)

SUMMARY OF LEARNING OUTCOMES:

Upon completion of this module the students/ trainees will be able to:

LO1. Describe and identify team role and responsibility in a team.

LO2. Describe work as a team.

LO 1. DESCRIBE AND IDENTIFY TEAM ROLE AND RESPONSIBILITY IN A TEAM.

ASSESSMENT CRITERIA:

1. Role and objective of the team is identified.
2. Team parameters, relationships and responsibilities are identified.
3. Individual role and responsibilities within team environment are identified.
4. Roles and responsibilities of other team members are identified and recognized.
5. Reporting relationships within team and external to team are identified.

CONTENTS:

1. Team role.
2. Relationship and responsibilities
3. Role and responsibilities with team environment.
4. Relationship within a team.

CONDITIONS:

The students/ trainees must be provided with the following:

1. SOP of workplace
2. Job procedures
3. Client / supplier instructions
4. Quality standards
5. Organizational or external personnel

METHODOLOGIES:

1. Group discussion/interaction
2. Case studies
3. Simulation

ASSESSMENT METHODS:

1. Written test
2. Observation
3. Simulation
4. Role playing

LO 2. DESCRIBE WORK AS A TEAM MEMBER

ASSESSMENT CRITERIA:

1. Appropriate forms of communication and interactions are undertaken.
2. Appropriate contributions to complement team activities and objectives were made.
3. Reporting using standard operating procedures followed.
4. Development of team work plans based from role team were contributed.

CONTENTS:

1. Communication process
2. Team structure / team roles
3. Group planning and decision making

CONDITIONS:

The students I trainees must be provided with the following:

1. SOP of workplace
2. Job procedures
3. Organization or external personnel

METHODOLOGIES:

1. Group discussion/interaction
2. Case studies
3. Simulation

ASSESSMENT METHOD:

1. Observation of work activities
2. Observation through simulation or role play
3. Case studies and scenarios.

BASIC COMPETENCY	:	**PRACTICE CAREER PROFESSIONALISM**
UNIT CODE	:	**500311107**
MODULE TITLE	:	**PRACTICING CAREER PROFESSIONALISM**
MODULE DESCRIPTOR	:	This module covers the knowledge, skills and attitudes in promoting career growth and advancement.
NOMINAL DURATION	:	
CERTIFICATE LEVEL	:	NATIONAL CERTIFICATE LEVEL II
PRE-REQUISITE	:	Participate in workplace communication Work in a team environment

SUMMARY OF LEARNING OUTCOMES:

Upon completion of the module, the trainees/ students should be able to

LO 1. Integrate personal objectives with organizational goals

LO 2. Set and meet work priorities

LO 3. Maintain professional growth and development

LO 1. INTEGRATE PERSONAL OBJECTIVES WITH ORGANIZATIONAL GOALS

ASSESSMENT CRITERIA:

1. Pursue personal growth and work plan towards improving qualifications set for profession
2. Maintain intrapersonal and interpersonal relationships in the course of managing self, based on performance evaluation.
3. Commitment to the organization and its goal is demonstrated in the performance of duties

CONTENTS:

1. Code of conduct and code of ethics
2. Personal hygiene
3. Interpersonal and intrapersonal skills
4. Communication skills
5. Fundamental rights at work
6. Company procedures and standards

CONDITIONS:

Student/ trainee must be provided with the following:

Tools	Equipment	Materials/ Supplies
	simulated laboratory room	case studies
	electronic learning device	prints and media
	computer	
	television and video set	

METHODOLOGY:

1. Video presentation
2. Discussion
3. Research

ASSESSMENT METHOD:

1. Interview - oral
2. written
3. Observation

LO 2. SET AND MEET WORK PRIORITIES

ASSESSMENT CRITERIA:

1. Completing demands are prioritized to achieve personal, team and organizational goals and objectives
2. Resources are utilized efficiently and effectively to manage with priorities and commitments
3. Practice long economic use and maintenance equipment and facilities are followed as per established procedures.

CONTENTS:

1. Work values and ethics
2. Company policies
3. Company operating procedures and standards
4. Gender and Development
5. Personal Hygiene

CONDITIONS:

Student/ trainee must be provided with the following:

Tools	Equipment	Materials/ Supplies
assessment tools for case studies	simulated laboratory room	case studies
	electronic learning device	prints and media
	computer	Workplace/ location assessment
	television and video set	

METHODOLOGY:

1. Lecture/ Discussion
2. Research/ project

ASSESSMENT METHOD:

1. Interview - oral
2. Written
3. Portfolio assessment
4. Simulation

LO 3. MAINTAIN PROFESSIONAL GROWTH AND DEVELOPMENT

ASSESSMENT CRITERIA:

1. Trainings and career opportunities are identified and availed of based on job requirements
2. Recognitions are sought/ received and demonstrated as proof of career advancement
3. Obtain and renew licenses and/ or certifications relevant to job and career

CONTENTS:

1. Certifications and licenses appreciation
2. Participate in training programs
3. Awards/ rewards

CONDITIONS:

Student/ trainee must be provided with the following:

Tools	Equipment	Materials/ Supplies
		Certificates and licenses
		pen and paper

METHODOLOGY:

1. Film viewing
2. Lecture
3. Group Discussion
4. Research
5. Simulated training workshops

ASSESSMENT METHOD:

1. Interview - oral
2. Written
3. Observation

BASIC COMPETENCY	:	**PRACTICE OCCUPATIONAL HEALTH AND SAFETY PROCEDURES**
MODULE TITLE	:	**PRACTICING OCCUPATIONAL HEALTH AND SAFETY PROCEDURES**
MODULE DESCRIPTOR	:	This module covers the knowledge, skills and attitudes required to comply with the regulatory and organizational requirements for occupational health and safety such as identifying, evaluating and maintaining OHS awareness.
NOMINAL DURATION	:	
CERTIFICATE LEVEL	:	NC II
PREREQUISITE	:	

SUMMARY OF LEARNING OUTCOMES:

Upon completion of this module, the trainee/student must be able to:

LO 1. Identity hazards and risks

LO 2. Evaluate hazards and risks

LO 3. Control hazards and risks

LO 4. Maintain occupational health and safety awareness

LO 1. IDENTIFY HAZARDS AND RISKS

ASSESSMENT CRITERIA:

1. Workplace hazards and risks are identified and clearly explained.
2. Hazards/Risks and its corresponding indicators are identified in with the company procedures.
3. Contingency measures are recognized and established in accordance with organizational procedures.

CONTENTS:

1. Hazards and risks identification and control
2. Organizational safety and health protocol
3. Threshold limit value (TLV)
4. OHS indicators

CONDITIONS:

The students/ trainees must be provided with the following:

1. Workplace
2. PPE
3. Learning Guides
4. Hand-outs
   - Organizational Safety and Health Protocol
   - OHS Indicators
   - Threshold Limit Value
   - Hazards/Risk Identification and Control
5. CD's, VHS tapes, transparencies

METHODOLOGIES:

1. Interactive -lecture
2. Simulation
3. Symposium
4. Group Dynamics

ASSESSMENT METHOD:

1. Situation Analysis
2. Interview
3. Practical Exam
4. Written Exam

LO 2. EVALUATE HAZARDS AND RISKS

ASSESSMENT CRITERIA:

1. Terms of maximum tolerable limits are identified based on threshold limit values (TLV)
2. Effects of hazards are determined.
3. OHS issues and concerns are identified in accordance with workplace requirements and relevant workplace OHS legislation.

CONTENTS:

1. TLV table
2. Phil OHS Standards
3. Effects of hazards in the workplace
4. Ergonomics
5. EGG Regulations

CONDITIONS:

The students/trainees must be provided with the following:

1. Hand outs on
   - Phil. OHS Standards
   - Effects of hazards in the workplace
   - Ergonomics
   - EGG regulations
2. TLV Table
3. CD's, VHS tapes, transparencies

METHODOLOGIES:

1. Interactive -lecture
2. Situation Analysis
3. Symposium
4. Film viewing
5. Group Dynamics

ASSESSMENT METHOD:

1. Interview
2. Written Exam
3. Simulation

LO 3. CONTROL HAZARDS AND RISKS

ASSESSMENT CRITERIA:

1. OHS procedures for controlling hazards and risk are strictly followed.
2. Procedures in dealing with workplace accidents, fire and emergencies are followed in accordance with the organization's OHS policies.
3. Personal protective equipment is correctly used in accordance with organization's OHS procedures and practices.
4. Procedures in providing appropriate assistance in the event of workplace emergencies are identified in line with the established organizational protocol.

CONTENTS:

1. Safety Regulations
   Clean Air Act
   Electrical and Fire Safety Code
   Waste management
   Disaster Preparedness and Management
2. Contingency Measures and Procedures

CONDITIONS:

The students/trainees must be provided with the following

1. Hand outs on
   Safety Regulations
   - Clean Air Act
   - Electrical and Fire Safety Code
   - Waste management
   - Disaster Preparedness and Management

   Contingency Measures and Procedures
2. OHS Personal Records
3. PPE
4. CD's, VHS tapes, transparencies

METHODOLOGIES:

1. Interactive -lecture
2. Symposium
3. Film Viewing
4. Group Dynamics
5. Self pace

ASSESSMENT METHOD:

1. Written
2. Interview
3. Case/Situation Analysis
4. Simulation

LO 4. MAINTAIN OCCUPATIONAL HEALTH AND SAFETY AWARENESS

ASSESSMENT CRITERIA:

1. Procedures in emergency related drill are strictly followed in line with the established organization guidelines and procedures.
2. OHS personal records are filled up in accordance with workplace requirements.
3. PPE are maintained in line with organization guidelines and procedures.

CONTENTS:

1. Operational health and safety procedure, practices and regulations
2. Emergency-related drills and training

CONDITIONS:

The students/trainees must be provided with the following:

1. Workplace
2. PPE
3. OHS personal records
4. CD's, VHS tapes, transparencies
5. Health record

METHODOLOGIES:

1. Interactive -lecture
2. Simulation
3. Symposium
4. Film Viewing
5. Group Dynamics

ASSESSMENT METHOD:

1. Demonstration
2. Interview
3. Written Exam
4. Portfolio Assessment

COMMON COMPETENCY	:	**DEVELOP AND UPDATE INDUSTRY KNOWLEDGE**
MODULE TITLE	:	**DEVELOPING AND UPDATE INDUSTRY KNOWLEDGE**
MODULE DESCRIPTOR	:	This module covers the knowledge, skills and attitudes required to access, increase and update industry knowledge.
NOMINAL DURATION	:	5 Hrs.
CERTIFICATE LEVEL	:	NC II
PRE-REQUISITE	:	

SUMMARY OF LEARNING OUTCOMES:

Upon completion of this module, the trainees/students should be able to:

LO 1. identify and access key resources of information on the industry

LO 2. access , apply and share industry information

LO 3 update continuously relevant industry knowledge

LO 1 Identify and access key resources of information on the industry

ASSESSMENT CRITERIA:

1. Sources of information on the industry are correctly identified and accessed
2. Specific information on sector of work is accessed and updated

CONTENTS:

1. Information sources
   - media
   - reference book
   - libraries
   - union
   - industry association
   - internet
   - personal observation

CONDITIONS:

1. Proper hygiene procedure manuals
2. internet
3. personal computer
4. reference book
5. industry journals

METHODOLOGY:

1. Self paced/modular
2. Demonstration
3. Small group discussion
4. Distance education

ASSESSMENT METHODS

1. Written/Oral examination
2. Practical demonstration

LO 2. Access , apply and share industry information

ASSESSMENT CRITERIA:

Sources of information on the industry are accessed and applied
Industry information is correctly applied to day-to-day activity
Information to assist effective work performance is obtained

CONTENTS:

Trade unions environmental issues and requirements
Industrial relations issues and major organization
Career opportunities
Work ethic required to work in the industry
Quality assurance

CONDITIONS:

Industry journals/manuals
internet
personal computer
reference book

METHODOLOGY:

1. Self paced/modular
2. Demonstration
3. Small group discussion
4. Distance education

ASSESSMENT METHODS

1. Written/Oral examination
2. Practical demonstration

LO 3 update continuously relevant industry knowledge

ASSESSMENT CRITERIA:

1. Updated knowledge is shared with customer and colleagues
2. Formal and informal research is use to update general knowledge of the industry

CONTENTS:

1. Information sources
    - media
    - libraries/reference book
    - union/industry association
    - internet
2. Legislation that affects the industry

CONDITIONS:

1. internet
2. personal computer
3. reference book

METHODOLOGY:

1. Self paced/modular
2. Demonstration
3. Small group discussion
4. Distance education

ASSESSMENT METHODS

1. Written/Oral examination
2. Practical demonstration

COMMON COMPETENCY	:	**OBSERVE WORKPLACE HYGIENE PROCEDURES**
MODULE TITLE	:	**OBSERVING WORKPLACE HYGIENE PROCEDURES**
MODULE DESCRIPTOR	:	This module covers the knowledge, skills and attitudes In observing workplace hygiene procedures.
NOMINAL DURATION	:	5 Hrs.
CERTIFICATE LEVEL	:	NC II
PRE-REQUISITE	:	

SUMMARY OF LEARNING OUTCOMES:

Upon completion of this module, the trainees/students should be able to:

LO 1 Practice personal grooming and hygiene

LO 2 Practice safe and hygienic handling, storage and disposal of food, beverage, and materials

LO 3 identify and respond to hygienic risk

LO 4 Cleaning and disinfectant

LO 1 Practice personal grooming and hygiene

ASSESSMENT CRITERIA:

1. Proper hygiene procedures are followed
2. Personal grooming and hygiene are practice regularly

CONTENTS:

1. Hygiene procedures
    - Proper hand washing
    - Regular bathing
    - Appropriate and clean clothing
    - Cleaning and sanitizing procedures
    - Personal hygiene

CONDITIONS:

1. Proper hygiene procedure manuals
2. Soap
3. Sanitizer
4. Hygiene products

METHODOLOGY:

1. Self paced/modular
2. Demonstration
3. Small group discussion
4. Distance education

ASSESSMENT METHODS

1. Written/Oral examination
2. Practical demonstration

LO 2 Practice safe and hygienic handling, storage and disposal of food, beverage, and materials

ASSESSMENT CRITERIA:

1. Proper handling, storage and disposal of food, beverage, and
2. materials are followed
3. Proper disposal of waste are hygienically practice regularly
4. Proper cleaning procedures

CONTENTS:

1. Hygiene procedures
   - Proper food handling and storage
   - Correct work practices
   - Proper waste disposal
   - Personal hygiene
   - Pest control
   - Principles of HACCP

CONDITIONS:

1. Proper hygiene procedure manuals
2. Soap
3. Sanitizer
4. Hygiene products
5. Proper food handling and storage manual

METHODOLOGY:

1. Self paced/modular
2. Demonstration
3. Small group discussion
4. Distance education

ASSESSMENT METHODS

1. Written/Oral examination
2. Practical demonstration

LO 3 identify and respond to hygienic risk

ASSESSMENT CRITERIA:

1. Potential hygiene risks are identified
2. Action to minimize and remove hygiene risk are taken
3. Hygiene risk beyond the control of individual are reported to proper authority

CONTENTS:

1. Types of hygiene risks
   - Bacteria and contamination
   - Inappropriate food handling
   - Poor work practices
   - Cross contamination
   - Disposal of garbage or potentially contaminated waste

CONDITIONS:

1. Proper hygiene procedure manuals
2. Soap
3. Sanitizer
4. Hygiene products

METHODOLOGY:

1. Self paced/modular
2. Demonstration
3. Small group discussion
4. Distance education

ASSESSMENT METHODS

1. Written/Oral examination
2. Practical demonstration

LO 4 Cleaning and disinfectant

ASSESSMENT CRITERIA:

1. Proper use of cleaning materials are identified
2. Proper cleaning procedures are followed
3. Proper disinfectants are used

CONTENTS:

1. Different cleaning materials
2. Cleaning procedures
3. Cleaning Guidelines

CONDITIONS:

1. Proper hygiene procedure manuals
2. Soap
3. Sanitizer
4. Hygiene products

METHODOLOGY:

1. Self paced/modular
2. Demonstration
3. Small group discussion
4. Distance education

ASSESSMENT METHODS

1. Written/Oral examination
2. Practical demonstration

COMMON COMPETENCY	:	**PERFORM COMPUTER OPERATIONS**
MODULE TITLE	:	**Performing Computer Operations**
MODULE DESCRIPTION	:	This module covers the knowledge, skills and attitudes needed to perform computer operations. This includes in putting, accessing, producing and transferring data using appropriate hardware and software.
SUGGESTED DURATION	:	40 hrs
LEVEL OF QUALIFICATION	:	NC II
PREREQUISITE	:	

SUMMARY OF LEARNING OUTCOMES:

At the completion of the module the trainees/students should be able to:

LO 1. Plan and prepare the task to be undertaken

LO 2 Input data into the computer

LO3. Access information using computer

LO 4. Produce output data using computer system

LO 5. Maintain computer equipment and system

LO 1 Plan and prepare the task to be undertaken

ASSESSMENT CRITERIA:

1. Requirements of the task undertaken are determine and properly understood
2. Appropriate hardware and software is selected in accordance with the task assigned and required outcome
3. Planned tasked conformed with the OHS guidelines and procedures

CONTENTS:

1. Types of computers and basic features of different operating systems
2. Plain parts of a computer
3. Storage devices and basic categories of memory
4. Types of software
5. Computer capacity
6. OHS Guidelines
7. Computer Capacity

CONDITION:

The trainees/students must be provided with the following:

Equipment and Accessories

personal computer
network system
communication equipment
printer
scanner
keyboard
mouse

Supplies and Materials
office supplies
diskettes
CDs
Zip disks

Tools
Set of screw driver

Learning Materials
Learning elements/activity sheets
Manufacturer's manual

LO 2 Input data into the computer

ASSESSMENT CRITERIA:

1. Entered data into the computer using appropriate program/application is in accordance with company procedures
2. Accuracy of information is checked in accordance with the standard operating procedures
3. Information is saved in accordance with the standard operating procedures
4. Inputted data that are stored in the storage media are in accordance with the requirements
5. Work is performed within the ergonomic guidelines

CONTENTS:
Standard operating procedures in entering and saving data into the computer
Storage media
Ergonomic guidelines

CONDITION:

The trainees/students must be provided with the following:

Equipment and Accessories
- personal computer
- network system
- communication equipment
- printer
- scanner
- keyboard
- mouse

Supplies and Materials
- office supplies
- diskettes
- CDs
- Zip disks

Tools
- Set of screw driver

Learning Materials
- Learning elements/activity sheets
- Manufacturer’s manual

LO 3 Access information using computer

ASSESSMENT CRITERIA:

1. Correct program/application is selected based on job requirements
2. Program/application containing the information required is accessed in accordance with the company procedures
3. Desktop icons are correctly selected, opened and closed for navigation purposes.
4. Keyboard techniques is carried out in line with OHS requirements for safe use of keyboards

CONTENTS:

1. Procedures/Techniques in Accessing Information
2. Desktop Icons
3. Keyboard Techniques Based on OHS Requirements

CONDITION:

The trainees/students must be provided with the following:

Equipment and Accessories
- personal computer
- network system
- communication equipment
- printer
- scanner
- keyboard
- mouse

Supplies and Materials
- office supplies
- diskettes
- CDs
- Zip disks

Tools
- Set of screw driver

Learning Materials
- Learning elements/activity sheets
- Manufacturer’s manual

LO 4 Produce output data using communication system

ASSESSMENT CRITERIA:

1. Entered data is processed using appropriate software commands
2. Printed out data as required using computer hardware/peripheral devices is in accordance with standard operating procedures
3. Transferred files/data between compatible systems using computer software, hardware/peripheral devises is in accordance with standard operating procedures

CONTENTS:

5. Software Commands
6. Operation and Use of Peripheral Devices
7. Procedures in Transferring Files/Data

CONDITION:

The trainees/students must be provided with the following:

Equipment and Accessories
- personal computer
- network system
- communication equipment
- printer
- scanner
- keyboard
- mouse

Supplies and Materials
- office supplies
- diskettes
- CDs
- Zip disks

Tools
- Set of screw driver

Learning Materials
- Learning elements/activity sheets
- Manufacturer’s manual

LO 5 Maintain computer equipment and systems

ASSESSMENT CRITERIA:

1. Cleaning, minor maintenance and replacement of consumables are implemented in accordance with standard operating procedures
2. Procedures for ensuring security of data including regular back-ups and virus checks are implemented in accordance with standard operating procedures
3. Basic file maintenance procedures are implemented in line with the standard operating procedures

CONTENTS:

1. Cleaning, Minor Maintenance and Replacements of Consumables
2. Creating More Space in the Hard Disk
3. Reviewing Programs
4. Deleting Unwanted Files
5. Checking Hard Disk for Errors
6. Viruses and Up to Date Anti-Virus Programs

CONDITION:

The trainees/students must be provided with the following:

Equipment and Accessories
- personal computer
- network system
- communication equipment
- printer
- scanner
- keyboard
- mouse

Supplies and Materials
- office supplies
- diskettes
- CDs
- Zip disks

Tools
- Set of screw driver

Learning Materials
- Learning elements/activity sheets
- Manufacturer’s manual

COMMON COMPETENCY	:	**PERFORM WORKPLACE SAFETY PRACTICES**
MODULE TITLE	:	**PERFORMING WORKPLACE SAFETY PRACTICES**
MODULE DESCRIPTOR	:	This module covers the knowledge, skills and attitudes in following health, safety and security practices. It includes dealing with emergency situations and maintaining safe personal standard.
NOMINAL DURATION	:	5 Hrs.
CERTIFICATE LEVEL	:	NC II
PRE-REQUISITE	:	

SUMMARY OF LEARNING OUTCOMES:

Upon completion of this module, the trainees/students should be able to:

LO 1. Practice workplace safety, security and hygiene systems, processes and operation

LO 2. Responds appropriately to faults, problems and emergency situations

LO 3. 5's in workplace

LO 4. Environmental protection awareness

LO 1. Practice workplace safety, security and hygiene systems, processes and operation

ASSESSMENT CRITERIA:

1. Correct healthy, safety and security procedures are complied in line with the legislation and regulation

2. Correct health, safety and security procedures are followed.

3. Breaches of health, safety and security procedures are identified.

CONTENTS:

1. Health, safety and security procedures
2. Breaches procedures

CONDITIONS:

1. Manuals
2. Handbook safety and security
3. Report (sample)

METHODOLOGY:

1. Self paced/modular
2. Demonstration
3. Small group discussion
4. Distance education

ASSESSMENT METHODS

Written/Oral examination
Practical demonstration

LO 2 Responds appropriately to faults, problems and emergency situations

.

ASSESSMENT CRITERIA:

1. Emergency and potential emergency are recognized and appropriate action are taken
2. Emergency procedures are followed in line with enterprise procedures
3. Assistance is sought from colleagues to resolve or respond to emergency situation
4. Safe personal presentation standard are identified and followed

CONTENTS:

1. Emergency procedure
   Personal injuries
   Fire
   Electrocution
   Natural calamity
   Criminal acts

2. Safe personal presentation standard

CONDITIONS:

1. Emergency procedure manuals
2. Handbook safety and security
3. Report
4. Emergency drills – instruction/guidelines

METHODOLOGY:

1. Self paced/modular
2. Demonstration
3. Small group discussion
4. Distance education

ASSESSMENT METHODS

1. Written/Oral examination
2. Practical demonstration
3. Observation

LO 3. 5's in workplace

ASSESSMENT CRITERIA:

1. Follow the principles of FI-FO
2. Set aside everything in its proper place
3. Proper labeling of cabinets/shelves
4. Sweep floor and dust furniture and fixtures

CONTENTS:

1. 5's Principles

CONDITIONS:

1. soft brooms
2. duster
3. organizers
4. labeling materials
5. markers

METHODOLOGY:

1. Self paced/modular
2. Demonstration
3. Small group discussion
4. Distance education

ASSESSMENT METHODS

1. Written/Oral examination
2. Practical demonstration
3. Observation

LO 4 Environmental protection awareness

ASSESSMENT CRITERIA:

1. Segregates wastes
2. Identify bio-degradable from non-bio-degradable
3. Empties trash regularly
4. Use environmental friendly materials in waste disposal
5. Proper waste disposal

CONTENTS:

1. Waste management
2. Pollution control
3. Effect of pollution
4. Types of pollutants

CONDITIONS: Students must be provided with the following

1. Modules
2. Reference book
3. Guidelines on waste disposal
4. Flyers/brochures

METHODOLOGY:

1. Self paced/modular
2. Demonstration
3. Small group discussion
4. Distance education

ASSESSMENT METHODS

1. Written/Oral examination
2. Practical demonstration
3. Observation

COMMON COMPETENCY : **PROVIDE EFFECTIVE CUSTOMER SERVICE**

MODULE TITLE : Providing Effective Customer Service

MODULE DESCRIPTOR : This module covers the knowledge, skills and attitude in

NOMINAL DURATION : 24 hrs.

CERTIFICATE LEVEL :

PREREQUISITE :

SUMMARY OF LEARNING OUTCOMES:

Upon completion of this module, the trainee/student must be able to:

LO 1 Apply effective verbal and non-verbal communication skills to respond to customer needs

LO 2 Provide prompt and quality service to customer

LO 3 Handle queries through telephone, fax machine, internet and e-mail

LO 4 Handle customer complaints, evaluation and recommendations

LO 1 Apply effective verbal and non-verbal communication skills to respond to customer needs

ASSESSMENT CRITERIA:

1. Standard Operating Procedures (SOP) when greeting the guest were followed
2. Information were properly disseminated
3. Use interactive communication with others

CONTENTS:

1. Personality development and public relations
2. Basic oral communication/ writing memos and letters
3. Preparing job documentation
4. Following instructions
5. Filling-out forms

CONDITIONS: Students/Trainees must be provided with the following:

Tools	Equipment	Materials
Recorder	Video Camera recorder	V8 tape
Microphone	Television	CD
Full-body mirror	VHS/DVD Player	Make=up kit
Company dress		References:
		Books, brochures, manuals

Methodology :

Modular (self-pace learning)
Electronic Learning
Industry Immersion
Demonstration
Film-viewing

Assessment Method:

Interview (oral/questionnaire)
Observation
Demonstration of Practical Skills

LO 2 Provide prompt and quality service to customer

ASSESSMENT CRITERIA:

1. Customer needs were assessed according to relationships between food and religion, gender, folkways, mores and life-cycle
2. Communication standards in customer service were followed
3. Identified opportunities to enhance the quality of services and products were implemented
4. Time management

CONTENTS:

1. Food and culture
2. Exploration of food trends
   - Past, present and future trend
3. Communication standards in customer service

CONDITIONS: Students/Trainees must be provided with the following:

Tools	Equipment	Materials
Recorder	Video Camera recorder	V8 tape
Microphone	Television	CD
Full-body mirror	VHS/DVD Player	Make=up kit
Company dress		References:
		Books, brochures, manuals

Methodology :

1. Modular (self-pace learning)
2. Electronic Learning
3. Industry Immersion
4. Demonstration
5. Film-viewing

Assessment Method:

1. Interview (oral/questionnaire)
2. Observation
3. Demonstration of Practical Skills

LO 3 Handle queries through telephone, fax machine, internet and e-mail

ASSESSMENT CRITERIA:

1. Applied telephone ethics
2. Applied correct procedure in using telephone, fax machine and internet
3. Daily report is accomplished according to company rules and regulations

CONTENTS:

1. Uses of telephone, fax machine, internet and e-mail
2. Telephone and electronic mail ethics
3. Procedures in handling queries

CONDITIONS: Students/Trainees must be provided with the following:

Tools	Equipment	Materials
Recorder	Video Camera recorder	V8 tape
Microphone	Television	CD
Full-body mirror	VHS/DVD Player	Make=up kit
Company dress	Fax machine	References:
	Computer with printer and internet connection	Books, brochures, manuals

Methodology :

1. Modular (self-pace learning)
2. Electronic Learning
3. Industry Immersion
4. Demonstration
5. Film-viewing

Assessment Method:

1. Interview (oral/questionnaire)
2. Observation
3. Demonstration of Practical Skills

LO 4 Handle customer complaints, evaluation and recommendations

ASSESSMENT CRITERIA:

1. Interview skills
2. Skills in handling customer complaints
3. Guidelines in handling complaints were identified
4. Complaints were evaluated and resolved based on its nature, details and degree of liability

CONTENTS:

1. Guidelines in handling complaints
2. Procedures in responding and resolving complaints

CONDITIONS: Students/Trainees must be provided with the following:

Tools	Equipment	Materials
Recorder	Video Camera recorder	V8 tape
Microphone	Television	CD
Full-body mirror	VHS/DVD Player	Make=up kit
Company dress	Fax machine	References:
	Computer with printer and internet connection	Books, brochures, manuals

Methodology :

1. Modular (self-pace learning)
2. Electronic Learning
3. Industry Immersion
4. Demonstration
5. Film-viewing

Assessment Method:

1. Interview (oral/questionnaire)
2. Observation
3. Demonstration of Practical Skills

UNIT OF COMPETENCY : **PROVIDE HOUSEKEEPING SERVICES TO GUEST**

MODULE TITLE : **PROVIDING HOUSEKEEPING SERVICES TO GUEST**

MODULE DESCRIPTOR :

This module covers the knowledge, skills and attitude in providing general housekeeping services to guest.

NOMINAL DURATION :

CERTIFICATE LEVEL : **NATIONAL CERTIFICATE LEVEL II**

PRE-REQUISITE :

SUMAMRY OF LEARNING OUTCOMES:

Upon completion of this module, the trainee/ student must be able to:

LO 1. Identify and perform different housekeeping services

LO 2. Handle housekeeping requests

LO 3. Advice guests on room and housekeeping equipment

LO 1. IDENTIFY AND PERFORM DIFFERENT HOUSEKEEPING SERVICES

ASSESSMENT CRITERIA:

1. Guest arrival list and guest history are reviewed based on guest folio.
2. Guest is greeted and acknowledged by use of name whenever possible.
3. Upselling and selling techniques are prepared in accordance with industry policy and procedure
4. Guests are courteously advised on correct usage of equipment
5. Malfunctions are promptly reported in accordance with Standard Operating Procedures, and where possible, alternative arrangements are made to meet guest needs.
6. A collection time for requested equipment is agreed upon where appropriate.
7. Coordination with other department is done in accordance with hotel's organizational structure and its function.
8. Guest requests are noted and coordinated with other department concerned

CONTENT:

1. Hotel codes and regulations
2. Interpersonal skills: Communication and listening Skills
3. Upselling and selling techniques
4. Basic operational skills on facilities and equipment
5. Personal hygiene
6. Hotel organization structure: departments and its functions "Rank and File"
7. Preparing requisitions for maintenance services

CONDITIONS:

Student/ trainee must be provided with the following:

Tools	Equipment	Materials/ Supplies
Tapes	Telephone	Pen and paper
Brochures/ manuals	Computer	Housekeeping/ FO forms
Guest folio, guest list	Shower (with hot and cold)	operating manuals
caution signs	refrigerator	room supplies and amenities
	electric fan	
	air conditioning unit	
	shelves	
	alarm clock	
	television and video player	

METHODOLOLGY:

- Modular (self-paced)
- Electronic learning
- Industry Immersion
- Film viewing
- Demonstration
- Discussion

ASSESSMENT METHOD:

- Interview (oral/ questionnaire)
- Observation
- Demonstration of Practical Skills
- Written examination

LO 2. HANDLE HOUSEKEEPING REQUESTS

ASSESSMENT CRITERIA:

1. Requests are handles in a polite and friendly manner in accordance with the establishment's customer service standards and security procedures.
2. Guest is acknowledged by use of name whenever possible
3. Details of requests made are confirmed and noted in accordance with industry procedures
4. Appropriate apologies are made when requests has arisen from breakdown in room service
5. Timeliness fro meting requests are agreed upon with guests
6. Requested items are promptly located and delivered within agreed timeframes.
7. Items for pick-up are collected within agreed timeframes

CONTENTS:

1. Housekeeping and Front Office forms
2. Codes and regulations
3. Handle queries through telephone, fax machine, internet and e-mail
4. Interpersonal skills: Communication and listening skills
5. Upselling and selling techniques

CONDITIONS:

Student/ trainee must be provided with the following:

Tools	Equipment	Materials/ Supplies
brooms	Telephone	Pen and paper
squeegees	Computer	Housekeeping/ FO forms
dust pans	guest room (complete and operational laboratory)	operating manuals
rugs for various purposes	refrigerator	room supplies and amenities
toilet bowl brush	electric fan	brochures and rates
toilet pump	air conditioning unit	cleaning chemicals
gloves	shelves	first aid kit
mop squeezer	alarm clock	
step ladder	television and video player	
buckets	vacuum cleaners	
sorting baskets	carpet sweeper	
brushes	baby's crib	
	roll-away beds/ cots	
	caddy/ trolley	

METHODOLOGY:

- Modular (self-paced)
- Electronic learning
- Industry Immersion
- Film viewing
- Demonstration
- Discussion

ASSESSMENT METHOD:

- Interview (oral/ questionnaire)
- Observation
- Demonstration of Practical Skills
- Written examination

UNIT OF COMPETENCY : **PREPARE ROOMS FOR GUESTS**

MODULE TITLE : **PREPARING ROOMS FOR GUESTS**

MODULE DESCRIPTION :

This module deals with the knowledge and skills required in cleaning and preparing room for guests according to industry standards.

NOMINAL DURATION :

CERTIFICATE LEVEL : NATIONAL CERTIFICATE LEVEL II

PRE-REQUISITE :

SUMMARY OF LEARNING OUTCOMES:

LO 1. Set-up equipment and trolleys

LO 2. Access rooms for servicing

LO 3. Make –up beds

LO 4. Clean and clear rooms

LO 5. Clean and store trolleys and equipment

LO 1. SET-UP EQUIPMENT AND TROLLEYS

ASSESSMENT CRITERIA:

1. Cleaning supplies and equipment required for servicing rooms are correctly selected and prepared for use
2. Supplies for trolleys are accurately identified and selected or ordered in sufficient numbers in accordance with establishment procedures.
3. Trolleys safely loaded with adequate supplies in accordance with establishment procedures.

CONTENTS:

1. Types and uses of cleaning equipment
2. Types cleaning materials and supplies and their uses
3. Classification of cleaning tools, equipment and materials according to their uses and care
4. Setting-up of trolley/ caddy with cleaning materials according to needs and establishment standards.
5. Safety measures in handling different cleaning equipment and chemicals
6. Safe keeping practices
7. Safety hazards and precautions

CONDITION:

Student/ trainee must be provided with the following:

Tools	Equipment	Materials/ Supplies
brooms	Telephone	Pen and paper
squeegees	Computer	Housekeeping/ FO forms
dust pans	guest room (complete and operational laboratory)	operating manuals
rugs for various purposes	refrigerator	room supplies and amenities
toilet bowl brush	electric fan	brochures and rates
toilet pump	air conditioning unit	cleaning chemicals
rubber gloves	shelves	first aid kit
mop squeezer	alarm clock	water
step ladder	television and video player	detergents
buckets	vacuum cleaners	drop sheets/ rubber mats
sorting baskets	carpet sweeper	sanitizing agents
brushes	baby's crib	small towels
dish sponge	roll-away beds/ cots	garbage bags
spray bottles	caddy/ trolley	air freshener
cob web removers	sofa	disinfectants
apron	tables	lint free clothes
water hose	cabinets	solvents
	floor polisher	scouring pads

METHODOLOGY:

- Modular (self-paced)
- Electronic learning
- Industry Immersion
- Film viewing
- Demonstration
- Discussion

ASSESSMENT METHOD:

- Interview (oral/ questionnaire)
- Observation
- Demonstration of Practical Skills
- Written examination

LO 2. ACCESS ROOMS FOR SERVICING

ASSESSMENT CRITERIA:

1. Rooms requiring service are correctly identified based on information supplied to housekeeping staff.
2. Rooms are accessed in accordance with the establishment's customer service and security procedures.

CONTENTS:

1. Codes and regulation
2. Basic phraseologies in housekeeping
3. Housekeeping reports, checklists and forms

CONDITION:

Student/ trainee must be provided with the following:

Tools	Equipment	Materials/ Supplies
Housekeeping reports and endorsements	Telephone	Pen and paper
	Computer	Housekeeping/ FO forms
		brochures/ rates
		Standard room amenities

METHODOLOGY:

- Modular (self-paced)
- Electronic learning
- Industry Immersion
- Film viewing
- Demonstration
- Discussion

ASSESSMENT METHOD:

- Interview (oral/ questionnaire)
- Observation
- Demonstration of Practical Skills
- Written examination

LO 3. MAKE UP BEDS

ASSESSMENT CRITERIA:

1. Beds and matrices are stripped, pillows and linen are checked for stains and damage and rooms are checked whether guests left any valuables.
2. Items with stains are immediately segregated and forwarded to the laundry department
3. Bed linens are replaced in accordance with establishment standards and procedures.

CONTENTS:

1. Types and sizes of linens, pillows and bed sheets
2. Procedures in making up beds and cots
3. Color harmony

CONDITION:

Student/ trainee must be provided with the following:

Tools	Equipment	Materials/ Supplies
lamp shade	bed	tissue
pillows	dresser	trash bin /garbage
pillow cases	table	linens
bed sheets	chair	
trash can/ garbage bin		
blankets		
mirror		
bed cover		

METHODOLOGY:

- Modular (self-paced)
- Electronic learning
- Industry Immersion
- Film viewing
- Demonstration
- Discussion

ASSESSMENT METHOD:

- Interview (oral/ questionnaire)
- Observation
- Demonstration of Practical Skills
- Written examination

LO 4. CLEAN AND CLEAR ROOMS

ASSESSMENT CRITERIA:

1. Rooms are cleaned in correct order and with minimum disruption to guests
2. All furniture, fixtures and fittings are cleaned and checked in accordance with establishment procedures and hygiene/ safety guidelines
3. All items are reset in accordance with establishment standards
4. Room supplies are checked, replenished or replaced in accordance with establishment standards
5. Pests are promptly identified and appropriate action is taken in accordance with safety and establishment standards
6. Rooms are checked for any defects, and these are accurately reported in accordance with establishment procedures.
7. Damaged items are recorded in accordance with establishment procedures
8. Any unusual or suspicious person, item or occurrence is promptly reported in accordance with establishment procedures.
9. Guest's belongings left in vacated rooms are collected and stored in accordance with lost and found establishment procedures

CONTENTS:

1. Materials, tools, chemical agents and equipment needed in cleaning guest room
2. Procedures on cleaning guest room
    a. occupied/vacant
    b. ceilings and floorings
    c. lanai area
    d. furniture and fixtures
    e. bed
3. Procedures in cleaning furniture and fixtures
4. Procedures in cleaning bathroom and toilet
5. Identifying pests and applying proper control
6. Procedures in mixing sanitizing agents
7. Sanitizing rooms and bathrooms
8. Replenishing room and bathroom supplies and amenities
9. Safety measures in cleaning
10. Home management practices
11. Cleaning motion in guest room

CONDITIONS:

Student/ trainee must be provided with the following:

Tools	Equipment	Materials/ Supplies
brooms	Telephone	Pen and paper
squeegees	Computer	Housekeeping/ FO forms
dust pans	guest room (complete and operational laboratory)	operating manuals
rugs for various purposes	refrigerator	room supplies and amenities
toilet bowl brush	electric fan	brochures and rates
toilet pump	air conditioning unit	cleaning chemicals
rubber gloves	shelves	first aid kit
mop squeezer	alarm clock	water
step ladder	television and video player	detergents
buckets	vacuum cleaners	drop sheets/ rubber mats
sorting baskets	carpet sweeper	sanitizing agents
brushes	baby's crib	small towels
dish sponge	roll-away beds/ cots	garbage bags
spray bottles	caddy/ trolley	air freshener
cob web removers	sofa	disinfectants
apron	tables	lint free clothes
water hose	cabinets	solvents
damp cloth	floor polisher	scouring pads
		insecticide/ pesticide

METHODOLOGY:

- Modular (self-paced)
- Electronic learning
- Industry Immersion
- Film viewing
- Demonstration
- Discussion

ASSESSMENT METHOD:

- Interview (oral/ questionnaire)
- Observation
- Demonstration of Practical Skills
- Written examination

LO 5. CLEAN AND STORE TROLLEYS AND EQUIPMENT

ASSESSMENT CRITERIA:

1. Trolleys and equipment are cleaned after use in accordance with establishment procedures
2. All items are correctly stored in accordance with establishment procedures
3. Supplies and items are checked and replenished or re-ordered in accordance with establishment procedures.

CONTENTS:

1. Types of cleaning materials and equipment
2. Cleaning and keeping cleaning materials and equipment according to manufacturer's operating procedures and establishment standards.
3. Safe keeping practices in accordance with establishment standards.

CONDITION:

Student/ trainee must be provided with the following:

Tools	Equipment	Materials/ Supplies
brooms	Telephone	Pen and paper
squeegees	Computer	Housekeeping/ FO forms
dust pans	guest room (complete and operational laboratory)	operating manuals
rugs for various purposes	refrigerator	room supplies and amenities
toilet bowl brush	electric fan	brochures and rates
toilet pump	air conditioning unit	cleaning chemicals
rubber gloves	shelves	first aid kit
mop squeezer	alarm clock	water
step ladder	television and video player	detergents
buckets	vacuum cleaners	drop sheets/ rubber mats
sorting baskets	carpet sweeper	sanitizing agents
brushes	baby's crib	small towels
dish sponge	roll-away beds/ cots	garbage bags
spray bottles	caddy/ trolley	air freshener
cob web removers	sofa	disinfectants
apron	tables	lint free clothes
water hose	cabinets	solvents
damp cloth	floor polisher	scouring pads
		insecticide/ pesticide

METHODOLOGY:

- Modular (self-paced)
- Electronic learning
- Industry Immersion
- Film viewing
- Demonstration
- Discussion

ASSESSMENT METHOD:

- Interview (oral/ questionnaire)
- Observation
- Demonstration of Practical Skills
- Written examination

UNIT OF COMPETENCY : **PROVIDE VALET SERVICE**

MODULE TITLE : **PROVIDING VALET SERVICE**

MODULE DESCRIPTOR :
This module covers the basic knowledge, skills and attitude required for valet service providers in a commercial accommodation establishment. Experienced staff members with sound organization and interpersonal skills generally undertake this role.

PRE- REQUISITE :

SUMMARY OF LEARNING OUTCOMES:

LO 1. Identify Valet services

LO 2. Perform proper coordination to ensure optimum privacy, security and confidentiality of all guests.

4. Cleaning and preparing guest's shoes in accordance with establishment standards
5. Basic darning and mending for clothing and linen and repair of other accessories.
6. Protocols for ensuring optimum privacy and confidentiality for all guests.

CONDITION:

Student/ trainee must be provided with the following:

Tools	Equipment	Materials/ Supplies
shoe brush	luggage carrier	cleaning agents
cleaning rags	flat iron	needles and threads
	steam pressers	pen and paper
	ironing board	guest folio
	cabinets	

METHODOLOGY:

- Modular (self-paced)
- Electronic learning
- Demonstration
- Discussion
- Industry tour
- Industry Immersion
- Film viewing

ASSESSMENT METHODS:

- Observation
- Interview
- Written examination
- Demonstration of practical skills
- Third party report

UNIT OF COMPETENCY : **CLEAN PREMISES**

MODULE TITLE : **CLEANING PREMISES**

MODULE DESCRIPTOR :

This module covers the knowledge, skills and attitudes required in cleaning premises of an accommodation industry. It includes selection and set-up of equipment and materials; cleaning of both wet and dry areas; and maintenance of cleaning equipment and materials.

NOMINAL DURATION :

PRE-REQUISITE :

SUMMARY OF LEARNING OUTCOMES:

LO 1. Select and use equipment and materials properly for cleaning premises.

LO 2. Comply with occupational; health and safety requirements in preparing dry and wet cleaning agents and chemicals

LO 3. Identify and explain different cleaning operations, chemicals and treatment of common hazards in the workplace

LO 4. Dispose garbage and used chemicals properly

LO 5. Clean wet and dry areas according to enterprise procedures

LO 6. Maintain and store cleaning equipment and chemicals

LO 1. SELECT AND USE EQUIPEMNT AND MATERIALS PROPERLY FOR CLEANING PREMISES

ASSESSMENT CRITERIA:

1. Equipment are selected according to type of cleaning to be undertaken
2. All equipment are checked if clean and in safe working condition prior to use
3. Suitable dry and wet cleaning agents and chemicals are selected and prepared in accordance with manufacturer's and relevant occupational health and safety requirements
4. Protective clothing are selected and used where necessary.

CONTENTS:

1. Common equipment and cleaning chemicals and agents and their usage in accordance with manufacturer's instruction
2. Identification and treatment of common hazards in the work area
3. Occupational health and safety requirements
4. Common protective clothing and materials and their appropriate use.
5. Checking safety and working conditions of cleaning equipment in accordance with manufacturer's instruction and establishment operating standards.

CONDITON:

Student/ trainee must be provided with the following:

Tools	Equipment	Materials/ Supplies
Waterproof clothing and footwear	Vacuum cleaners	cleaning agents and chemicals
Jackets	Polisher/ scrubbers	goggles and masks
Apron		dusters
Mops, brooms, brushes		dust pans
Overalls		garbage bags
Pans		
Garbage receptacles		
Buckets		
Headwear		

METHODOLOGY:

- Modular (self-paced)
- Electronic learning
- Demonstration
- Discussion
- Industry tour
- Industry Immersion
- Film viewing

ASSESSMENT METHODS:

- Observation
- Interview
- Written examination
- Demonstration of practical skills
- Third party report

LO 2. COMPLY WITH OCCUPATIONAL HEALTH AND SAFETY REQUIREMENTS I PREPARING DRY AND WET CLEANING AGENTS AND CHEMICALS

ASSESSMENT CRITERIA:

1. Occupational health and safety requirements are complied with
2. Equipment are checked if clean and in safe working conditions prior to use
3. Appropriate use of protective clothing is observed.

CONTENTS:

1. Policies and procedures related to cleaning operations and disposal of used chemicals in accordance with establishment operating standards
2. Security procedures of establishment
3. Laws on general workplace safety, hazardous substances and manual handling and storage requirements
4. Checking safety and working condition of cleaning equipment in accordance with manufacturer's instructions and establishment procedures

CONDITIONS:

Student/ trainee must be provided with the following:

Tools	Equipment	Materials/ Supplies
Waterproof clothing and footwear	Vacuum cleaners	cleaning agents and chemicals
Jackets	Polisher/ scrubbers	goggles and masks
Apron		dusters
Mops, brooms, brushes		dust pans
Overalls		garbage bags
Pans		Mixing formula
Garbage receptacles		Policies and laws on general workplace safety
Buckets		
Headwear		

METHODOLOGY:

- Modular (self-paced)
- Electronic learning
- Demonstration
- Discussion
- Industry tour
- Industry Immersion
- Film viewing

ASSESSMENT METHODS:

- Observation
- Interview
- Written examination
- Demonstration of practical skills
- Third party report

LO 3. IDENTIFY AND EXPLAIN DIFFERENT CLEANING OPERATIONS, CHEMICALS AND TREATMENT OF COMMON HAZARDS

ASSESSMENT CRITERIA:

1. Possible customer inconvenience is considered when scheduling and performing cleaning task.
2. Wet and dry areas are prepared to be cleaned and hazards are identified
3. Cleaning agents or chemicals are selected for specific areas in accordance with manufacturer's recommendations, safety procedures and establishment policies and procedures.
4. Equipment is used correctly and safely in accordance with manufacturer's recommendations.

CONTENT:

1. Identifying possible inconveniences and hazards at work area.
2. Cleaning task is scheduled and performed in accordance with customer convenience and establishment policies.
3. Procedure in cleaning operations for specific areas:
    - bathrooms
    - balconies, private lounge areas, public areas
    - kitchen
    - function rooms
    - storage areas

CONDITION:

Student/ trainee must be provided with the following:

Tools	Equipment	Materials/ Supplies
Waterproof clothing and footwear	Vacuum cleaners	operating manuals and brochures
Jackets	Polisher/ scrubbers	goggles and masks
Apron		dusters
Mops, brooms, brushes		dust pans
Overalls		garbage bags
Pans		disinfectants
Garbage receptacles		
Buckets		
Headwear		
signs and advisories		

METHODOLOGY:

- Modular (self-paced)
- Electronic learning
- Demonstration
- Discussion
- Industry tour
- Industry Immersion
- Film viewing

ASSESSMENT METHODS:

- Observation
- Interview
- Written examination
- Demonstration of practical skills
- Third party report

LO 4. DISPOSE GARBAGE AND USED CHEMICALS PROPERLY

ASSESSMENT CRITERIA:

1. Garbage and used chemicals are disposed of in accordance with hygiene, safety and environmental legislation requirements.

CONTENTS:

1. Proper disposal of used chemicals in accordance with manufacturer's instructions and safety and environmental legislation requirements.
2. Procedure in garbage disposal in accordance with establishment standards

CONDITION:

Student/ trainee must be provided with the following:

Tools	Equipment	Materials/ Supplies
garbage receptacles		manuals and brochures
garbage bin/ trash can		garbage bags
		safety and environment legislation policies

METHODOLOGY:

- Modular (self-paced)
- Electronic learning
- Demonstration
- Discussion
- Industry tour
- Industry Immersion
- Film viewing

ASSESSMENT METHODS:

- Observation
- Interview
- Written examination
- Demonstration of practical skills
- Third party report

LO 5. CLEAN WET AND DRY AREAS

ASSESSMENT CRITERIA:

1. Wet and dry areas cleaned in accordance with establishment standard operating procedure.
2. Cleaning agents or chemicals are selected and applied for specific areas in accordance with manufacturer's recommendations, safety procedures and establishment policies and procedures.
3. Work area is barricaded or warning signs are placed, as appropriate, to reduce risk to colleagues and customers

CONTENTS:

1. Procedures in cleaning public bathrooms
2. Procedures in Cleaning public areas (internal and external), private lounge areas and balconies
3. Procedure in cleaning function rooms
4. Procedure in cleaning kitchen
5. Cleaning storage areas

CONDITION:

Student/ trainee must be provided with the following:

Tools	Equipment	Materials/ Supplies
Waterproof clothing and footwear	Vacuum cleaners	Operating manuals and brochures
Jackets	Polisher/ scrubbers	Goggles and masks
Apron	Carpet sweepers	Dusters
Mops, brooms, brushes		Dust pans
Overalls		Garbage bags
Pans		Disinfectants
Garbage receptacles		Cleaning agents
Buckets		Detergents
Headwear		Deodorizers
Signs and advisories		Furniture and fixture cleaners/ polishers
Squeegees		General spot cleaning agent
		Glass cleaners
		Deodorizers

METHODOLOGY:

- Modular (self-paced)
- Electronic learning
- Demonstration
- Discussion
- Industry tour
- Industry Immersion
- Film viewing

ASSESSMENT METHODS:

- Observation
- Interview
- Written examination
- Demonstration of practical skills
- Third party report

LO 6. MAINTAIN AND STORE CLEANING EQUIPMENT AND CHEMICALS

ASSESSMENT CRITERIA:

1. Equipment are cleaned after sue in accordance with enterprise requirements and manufacturer's instructions.
2. Routine maintenance is carried out or arranged in accordance with enterprise procedures
3. Faults are identified and reported in accordance with establishment procedures
4. Equipment are stored in the designated area and in a condition ready for re-use.
5. Chemicals are stored in accordance with health and safety requirements

CONTENTS:

1. Procedure in wiping down and cleaning of cleaning equipment, tools and materials
2. Procedure in washing and rinsing equipment and tools
3. Procedure in drying out and sanitizing cleaning equipment, tools and materials
4. Procedure in dismantling and re-assembling cleaning equipment in accordance with manufacturer's instruction.
5. Routine maintenance and preventive maintenance programs in accordance with safety and security procedures and establishment operations

CONDITION:

Student/ trainee must be provided with the following:

Tools	Equipment	Materials/ Supplies
Waterproof clothing and footwear	Vacuum cleaners	Operating manuals and brochures
Jackets	Polisher/ scrubbers	Goggles and masks
Apron	Carpet sweepers	Dusters
Mops, brooms, brushes		Dust pans
Overalls		Garbage bags
Pans		Disinfectants

- Observation
- Interview
- Written examination
- Demonstration of practical skills
- Third party report

UNIT OF COMPETENCY : **LAUNDER LINEN AND GUEST CLOTHES**

MODULE TITLE : **LAUNDERING LINEN AND GUEST CLOTHES**

MODULE DESCRIPTOR :

This module covers basic knowledge, skills and attitudes required in washing and ironing clothes and linen. It includes checking and sorting; removing stains; preparing washing equipment and supplies, laundry process and maintenance of laundry area and equipment.

NOMINAL DURATION :

PRE-REQUISITE :

SUMMARY OF LEARNING OUTCOMES:

LO 1. Identify types of fabric and laundry equipment

LO 2. Observe safety practices in handling laundry equipment and chemicals

LO 3. Follow correct procedure in laundering process for guest's laundry items

LO 4. Package and store laundry items

LO 1. IDENTIFY TYPES OF FABRIC AND LAUNDRY EQUIPMENT

ASSESSMENT CRITERIA:

1. Items are correctly sorted according to the cleaning process required and the urgency of the item
2. Laundry methods are correctly selected in accordance with textile labeling codes and based on:
    a. type of fabric and fiber
    b. dye fastness
    c. amount of soilage
    d. washing instructions
3. Laundry equipment is properly operated in accordance with manufacturer's instructions

CONTENT:

1. Types of fibers and fabrics
2. Laundry terms and standard laundering methods
3. Types and usage of washing equipment: washing machine and dryers
4. Types and usage of laundry chemicals and cleaning agents
5. Classifications and usage of stain removing agents
6. Types of fabric softener
7. Reading textile label codes
8. Procedures in sorting laundry items

CONDITION:

Student/ trainee must be provided with the following:

Tools	Equipment	Materials/ Supplies
fiber/ fabric samples	washing machine	Operating manuals and brochures
different linens and laundry items	drying machine	pen and paper
labeler	dry-cleaning machine	bleaching agent
hangers	flat iron	stain removing agent
laundry baskets	steam pressers	fabric softeners
wash basin	ironing board	sanitizing agent
bucket	sorting shelves	All purpose cleaning agent
water hose		cleaning solution
		detergents (liquid, powder)
		report forms

METHODOLOGY:

- Modular (self-paced)
- Electronic learning
- Demonstration
- Discussion
- Industry tour
- Industry Immersion
- Film viewing

ASSESSMENT METHODS:

- Observation
- Interview
- Written examination
- Demonstration of practical skills
- Third party report

LO 2. OBSERVE SAFETY PRACTICES IN HANDLING LAUNDRY EQUIPMENT AND CHEMICALS

ASSESSMENT CRITERIA:

1. Laundry methods are correctly selected in accordance with textile labeling codes and based on:
    a. type of fabric and fiber
    b. dye fastness
    c. amount of soilage
    d. washing instructions
2. Items for laundering are checked for stains and stains are treated using the correct process
3. Cleaning agents and chemicals are correctly used in accordance with manufacturer's instructions and specific laundry equipment
4. Laundry equipment is operated in accordance with manufacturer's instructions
5. Items are checked after laundering process to ensure quality cleaning
6. Any damage arising from laundering process is recorded and appropriate person(s) is/are notified in accordance with establishment procedures
7. Pressing and finishing processes are correctly completed in accordance with textile characteristics and client requirements

CONTENT:

1. Principles and procedures in laundering clothes and linens
2. Principles and procedures in treating stains based on nature of stain and type of fabric and fiber
3. Handling bleaching solutions and other laundry chemicals
4. Hygiene, health and safety issues of specific relevance to laundry operations
5. Principles in drying clothes and linens
6. Principles and procedures in ironing and pressing clothes and linens
7. Types of ironing equipment, tools and materials and their proper usage
8. Types of hangers and their uses
9. Folding methods and techniques

CONDITION:

Student/ trainee must be provided with the following:

Tools	Equipment	Materials/ Supplies
fiber/ fabric samples	washing machine	Operating manuals and brochures
different linens and laundry items	drying machine	pen and paper
labeler	dry-cleaning machine	bleaching agent
hangers	flat iron	stain removing agent
laundry baskets	steam pressers	fabric softeners
wash basin	ironing board	sanitizing agent
bucket	sorting shelves	All purpose cleaning agent
water hose		cleaning solution
		detergents (liquid, powder)
		report forms

METHODOLOGY:

- Modular (self-paced)
- Electronic learning
- Demonstration
- Discussion
- Industry tour
- Industry Immersion
- Film viewing

ASSESSMENT METHODS:

- Observation
- Interview
- Written examination
- Demonstration of practical skills
- Third party report

LO 3. PACKAGE AND STORE LAUNDRY ITEMS

ASSESSMENT CRITERIA:

Guest laundry is packaged and presented in accordance with establishment standards and procedures

Finished items are returned to guest in accordance with required timeframes

Processed guest laundry are stored where required, according to guest requests or where return to guest is not possible

CONTENT:

1. Procedures in packaging and presenting guest laundry
2. Procedures in storing guest laundry in accordance with establishment standards or guest request
3. Delivery of laundry items
4. Basic housekeeping phraseologies

CONDITION:

Student/ trainee must be provided with the following:

Tools	Equipment	Materials/ Supplies
different linens and laundry items	flat iron	report forms
labeler	steam pressers	pen and paper
hangers	ironing board	
laundry baskets	sorting shelves	

METHODOLOGY:

- Modular (self-paced)
- Electronic learning
- Demonstration
- Discussion
- Industry tour
- Industry Immersion
- Film viewing

ASSESSMENT METHODS:

- Observation
- Interview
- Written examination
- Demonstration of practical skills
- Third party report
